

OPEN 3-SIDED BIO FIREPLACE - WHITE

BIO-20-230

The ScandiFlames Open 3-sided Bioethanol Fireplace in white is a tall, freestanding fireplace with openings on three sides. With a 1.5 litre burner, this fireplace has a burning time up to 6 hours. This beautiful, modern fireplace is designed for floor placement, creating an elegant and contemporary look. With its large cutout and open design, the flames can be enjoyed from anywhere in the room. The black background enhances the flame colors, providing a more natural depth. The bioethanol fireplace produces no smoke, soot, or odors, making maintenance easy.
