

FREESTANDING BURNER WITH GLASS PLATES

BIO-20-254

Freestanding bio fireplace with glass panels designed to optimise flame visibility without compromising on safety. This open floor bio fireplace creates a mesmerising flame that can be enjoyed from all angles, creating a timeless and elegant look. With a 1.5 litre burner, the fireplace has a burn time of up to 6 hours per refill. The bio fireplace is easy to maintain and clean as it produces no soot, smoke or similar.
