

LANSING TUNNEL BIOETHANOL FIREPLACE - BLACK

BIO-20-213Black

This black double-sided bioethanol fireplace is a freestanding, see-through fireplace that allows you to enjoy the flames from both sides. Ideal as a room divider between spaces like the living room and kitchen, it can also be built into a wall. With a 3.5-liter manual burner, it offers up to 7.5 hours of burn time and a heat output of maximum 3.3 kW. Easy to install without the need for electricity or a chimney, it includes safety glass, flame control, and extinguishing tools, ensuring a safe and stylish heating solution.
