

BIOETHANOL FIRE GRATE L - 60 CM

BIO-20-303

The ScandiFlames Grate L with 2.5L burner and ceramic logs is a freestanding bioethanol fireplace grate designed to convert your old, traditional open fireplace into a modern bioethanol fireplace. This bioethanol fireplace maintains the cozy atmosphere of a traditional fire and heat without the need for a chimney. The included burner has a capacity of 2.5 liters, providing up to 7.5 hours of burn time per filling. Installation is simple, with no need for electricity or complex setups. The ceramic logs are placed on top of the grate, and the fireplace is ready for use.
