

WASHINGTON WHITE - BIOETHANOL WOOD-BURNING STOVE

BIO-20-240WH

The Washington bioethanol fireplace is an elegant freestanding fireplace that combines classic aesthetics with modern functionality. This cylinder-shaped white fireplace features a 1.5-liter burner that provides up to 6 hours of burn time and a heat output of approximately 2.2 kW, making it ideal for spaces of 25-30 m². The Washington requires no chimney or electrical connections, making installation flexible and easy. It is manually operated and fits perfectly into any home where style and cosiness are a priority.

TECHNICAL SPECIFICATIONS
